WHAT MAKES SAMRAT CLADAGE SPECIAL?

Introducing the all new innovation from house of Samrat, Special fade resistance range of Exterior Cladding to withstand the adverse action of atmospheric Ultra Voilet Rays and exterioratmospheric effects with minimum foding of colours.

Those clodding are strong, self supporing and durable, promising incredible volve and trendy designes, paired with greater durability which allows your outdoors to withstand the weather and withering effects.

Versatile, durable and practical, Samrat Exterior Cladding are ideal for facades, balconies, outdoor furniture and other exterior applications, Samrat's high quality Exterior Cladding are available in large format panels for cladding balconies and building focades.

Enveloped with Samrat's perfection, your building will castan unforgettable impression evertime.

ENVIRONMENTAL AND HEALTH ADVANTAGES OF SAMRAT CLADAGE

- Samrat Cladage are cured and **chemically inert**.
- Samrat Cladage formaldehyde emission levels are well below the limit for wood-based materials.
- Samrat Cladage is approved for contact with foodstuffs, with no migration affecting food.
- Samrat Cladage Surfaces are resistant to common household solvents and chemicals, making them ideal for applications where cleanliness and hygiene are crucial.
- The non-porous Samrat Cladage surface and edges are **easy to disinfect** with hot water, steam, and common disinfectants used in hospitals and commercial facilities.
- Samrat Cladage is considered an article, not achemical substance, exempting it from REACH regulations. However, an information exchange with raw material suppliers on REACH-relevant substance properties is maintained.

WHY USE SAMRAT CLADAGE

Special Fade Resistance:

Introducing Samrat's latest innovation the **Special Fade Resistance range of Exterior Cladding,** designed to withstand the adverse effects of atmospheric ultraviolet rays and minimize colour fading.

Robust and Durable:

Samrat Exterior Cladding is known for its **strength**, **self-supporting structure**, **and remarkable durability**, ensuring a long-lasting and appealing outdoor aesthetic.

Value and Trendy Designs:

Experience the perfect blend of value and contemporary design, promising incredible aesthetics while maintaining longevity against weather and external elements.

Versatile Applications:

Ideal for a range of exterior applications, including facades, balconies, outdoor furniture, and more. These cladding solutions are adaptable to various outdoor spaces.

Large Format Panels:

Samrat's high-quality Exterior Cladding is available in **large format panels**, specifically crafted for cladding balconies and building facades, providing a seamless and visually appealing finish.

Unforgettable Impression:

Enveloped with **Samrat's commitment to perfection**, these cladding solutions ensure that your building leaves an **unforgettable impression every time**, combining innovation with enduring style.

12-Years Peace of Mind Warranty:

Rest easy with our Exterior Cladding backed by a 10-year warranty, safeguarding against fading and de-lamination for unparalleled durability and quality assurance.

Luxurious Decor Papers:

Immerse yourself in opulence with our **premium**Decor Papers sourced from renowned German

companies Schattdecor, Chiyodo, Lamigraf,
Interprint, Munksjo, and Technocell. This forms the
exquisite All Blue scale 6 Plus DecorPaper
collection.

Diverse Design Collection:

Explore one of the most extensive UV-grade Exterior Cladding collections, showcasing over **75** designs from prestigious companies like Schattdecor, Chiyoda, Lamigraf, Interprint, Munksjo, Technocell, and more.

Industry Pioneers:

With over a 12 years of experience, we proudly stand among the first companies to manufacture Exterior Claddings in India, contributing to the industry's growth and fostering innovation.

Proven Excellence:

Trust our expertise with a proven track record—over **2.5 million square meters installed globally in the past 12 years**. This reflects our unwavering commitment to excellence and customer satisfaction.

Extensive Network:

Benefit from our widespread Pan India network of dealers, covering 21 states and 300 cities/towns. Experience accessibility and support wherever you are in your architectural endeavours.

Global Trust:

Extend your trust globally, as our **presence** spans over **25 countries**, exemplifying international acceptance and recognition of our **high-quality Exterior Cladding**.

Top-Notch Materials:

Crafted with precision, all our panels utilize **Virgin Kraft** primarily **imported from Sweden and the USA**, ensuring unmatched quality, strength, and durability.

Architect's Choice:

Preferred by senior architects across India for **prestigious projects**, our panels adorn nationalized banks, hospitals, institutions, government projects, hotels, and more. A testament to the **superior quality** and design of ourproducts.

Expert Consultation:

Access 24/7 in-house consultancy from an industry-renowned professional, offering expert guidance on Exterior Claddings. Make informed decisions for your projects with confidence.

> PRODUCT CONSTRUCT

INTERNAL STRUCTURAL DETAILS

Samrat Cladage are self-supporting high pressure laminates (Cladage) with a decorative surface that is suitable for exteriors. It is faderesistant, weather-proof, and compliant to the standards of EDF (EN 438-6 Exterior Grade Severe Use Flame Retardant) which is the best in this classification. The polymeric resins used are made with Non-Halogenated Fire Retardant chemicals which make the Cladage fire-retardant.

THE PRODUCT IS MADE UP OF:

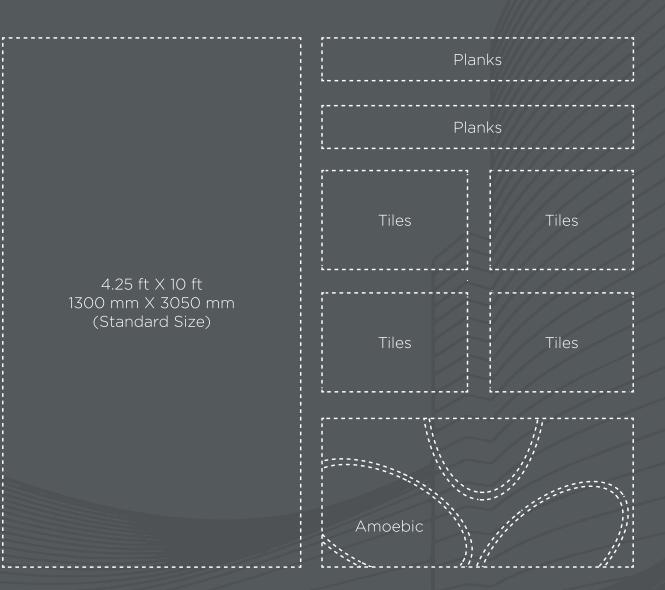

- Layers of kraft paper impregnated with halogen free FR-Grade phenolic resins that make the product fire-retardant.
- Both the sides have a special exterior-grade decorative paper surface mode using extreme light stable pigments, special chemicals, and inks that are then impregnated with melamine resins. The decorpaper is rated 3-5 an Grey Scale, hence making it fit to use for exteriors.
- Best quality polymeric surface protection film layer on the front and rear surface of the board. This film layer guards the surface of Samrat Clads when exposed to the combined action of direct sunlight, rains/acid rains, hail, wind, frost, exhaust fumes, graffiti, and corrosion/salt deposition.
